

Lakshmi Srinivasan

PGT Mathematics

Bengaluru, Karnataka (Basavanagudi) | +91 94495 37086 | lakshmi.srinivasan.math@yahoo.in

Profile

Post-graduate mathematics teacher with 9 years of experience making difficult concepts clear. Completed several online courses in machine learning and financial mathematics (NPTEL, Coursera) and would love to start a second career in quantitative finance.

Skills

Mathematics: Calculus, linear algebra, statistics (teaching level up to class 12 / CBSE)

Self-study: Python (NPTEL), Machine Learning Specialization (Andrew Ng), "Financial Engineering and Risk Management" (Columbia, Coursera)

Experience

PGT Mathematics — Vidya Vikas Public School, Bengaluru

Jun 2017 – present

- Teach mathematics to classes 11-12 (CBSE); board results consistently above school average.
- Coordinate the school's mathematics olympiad programme.
- Developed a statistics module with Python notebooks for the school's computer-science stream.

Education

M.Sc. Mathematics — Bangalore University, 2014 – 2016
