## SUMMARY

---

Lead business analyst with 7 years in digital banking, specialized in payments and onboarding journeys. I know UPI, the AA framework and the compliance landscape inside out and have shipped features used by millions — as the analyst behind the product manager. Ready to own the product role myself. Notice period: 90 days.

## SKILLS

---

**Domain:** UPI (AutoPay, Lite, mandates), Account Aggregator ecosystem, video-KYC/CKYC journeys, fraud-rule impact analysis, NPCI circular impact assessment

**Craft:** Requirements elicitation, user-story mapping, process modeling (BPMN), UAT coordination, stakeholder management across compliance/fraud/ops

**Tools:** Jira, Confluence, Figma (annotation), SQL (self-service analytics), Power BI

## EXPERIENCE

---

### Lead Business Analyst, Digital Channels — Suvarna Bank, Bengaluru

Oct 2022 – present

- Lead analyst for the mobile-app payments squad (3.1M customers); wrote the requirements for the UPI AutoPay and payment-request releases.
- Coordinated the Account Aggregator (FIU) compliance releases across 4 squads and the fraud/compliance chain.
- Built the squad's self-service SQL dashboards after tiring of waiting for the data team.
- Deputized for the product owner for one quarter (backlog, stakeholder demos).

### Business Analyst — Suvarna Bank, Bengaluru

Jun 2019 – Sep 2022

- Analyst for online onboarding; redesigned the video-KYC document flow, drop-off down 12pp.

## EDUCATION

---
